

PRODUCT APPROVAL DOSSIER

Investment-grade overview for board and LP distribution

RouteSafe

The pre-deploy route gate — catch every silent 404 before merge.

CHAPTER 1

Executive Summary and Verdict

— PE Score —

RouteSafe — The pre-deploy route gate — catch every silent 404 before merge.

Live demo: <https://slug-ok.nltlabs.ai>

Assessment status: — · Confidence: —

Reproducibility — run: manual override

CHAPTER 2

Investment Thesis

Investment thesis pending — investment rationale not yet recorded.

CHAPTER 3

Product Vision and Live Demo

RouteSafe — The pre-deploy route gate — catch every silent 404 before merge.

Customer site: <https://slug-ok.nltlabs.ai>

Investor brief: <https://slug-ok.nltlabs.ai/inside>

Metric	Value
Live URL	https://slug-ok.nltlabs.ai
FQDN	slug-ok.nltlabs.ai
Build status	partial

Reproducibility — run: manual override

CHAPTER 4

Market, Pricing, and Competitive Landscape

Market analysis pending — sizing not recorded.

CHAPTER 5

Brand and Customer Experience Audit

Brand-lint verdict: **FAIL**

Visual QA

Metric	Value
Judge Scores	Not captured this run
Regeneration Counts	Not captured this run

FATE Breakdown

Metric	Value
FATE Score	Not captured this run

Reproducibility — run: manual override

CHAPTER 6

Engineering and Physical BOM

N/A — software-only product. No physical BOM or hardware engineering applies.

CHAPTER 7

Financial Model and Unit Economics

Financial model pending — unit economics not recorded.

CHAPTER 8

Risk, Red-Team, and Regulatory

Risk analysis pending — red-team memo not recorded.

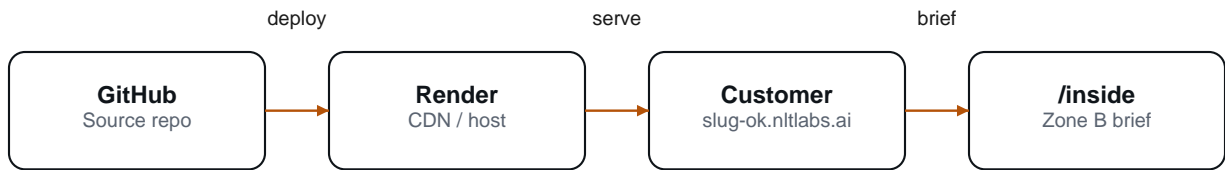

CHAPTER 9

Operational Architecture and Deployment

Metric	Value
Primary FQDN	slug-ok.nltlabs.ai
Repository	poc/slug-ok
Source PR	https://github.com/wtthornton/nlt-engine/pull/367

Deployment Topology

Two-zone routes on a single Render service

Build Timeline

Metric	Value
Build Complete	2026-06-24
Pr Opened	2026-06-24

Reproducibility — run: manual override

CHAPTER 10

GTM Strategy and Launch Operations

Metric	Value
Launch date	2026-06-24
Live URL	https://slug-ok.nltlabs.ai

Post-deploy audit pending — re-run poc-post-deploy-audit after launch.

Reproducibility — run: manual override

CHAPTER 11

Corporate Formation and Compliance

Entity formation pending FUND approval. This chapter reflects post-formation targets only.

CHAPTER 12

Tear Sheet

RouteSafe FUND · 8.0/10

The pre-deploy route gate — catch every silent 404 before merge.

<https://slug-ok.nltlabs.ai> · 2026-06-24

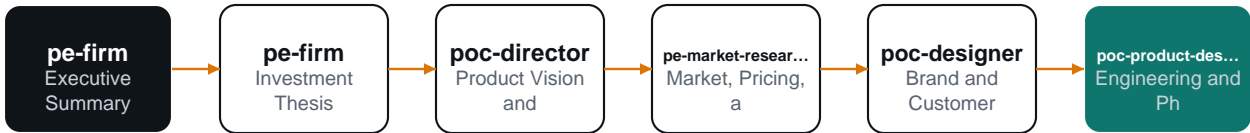

CHAPTER 13

Agent Telemetry and Reproducibility

Ch	Source Agents	Run IDs	Data Files
1	pe-firm	manual	data/ideas/idea-slug-ok/portfolio-entry.json
2	pe-firm	—	—
3	poc-director, poc-builder	manual	data/ideas/idea-slug-ok/portfolio-entry.json, data/ideas/idea-slug-ok/ship-record.json
